## STREAM Lesson #3: *The Case of the Missing Carrot Cake*

Greetings Casey Crocodiles! It's Mr. Garcia, your school librarian, and I have another fun library lesson for you. I hope that you continue to have fun **READING** while at home. Remember, if you don't think reading is fun...you just haven't found your favorite type of book or story! My library lessons will all follow the S.T.R.E.A.M. format (Science, Technology, Reading, Engineering, Art, and Math). Happy reading!

[Click here to see my video about our Library STREAM Lessons](#)

Read ***The Case of the Missing Carrot Cake*** written by Robin Newman and illustrated by Deborah Zemke and narrated by Wanda Sykes. This is a fun mystery that involves some interesting animal characters and two great mouse detectives named Wilcox and Griswold. I hope you enjoy the library STREAM activities that I've chosen to go with this exciting story. Enjoy!

If you own a copy of the book re-read it now. If you don't, you can watch actress and comedian Wanda Sykes read the book by clicking on the link below:
